BUILD YOUR LEGACY

BIGGER THAN BASEBALL

BUILDING THE COCONUTS

KING COBRAS | TYPHOONS | PYTHONS | EARTHQUAKES

We are building a global sports and eco-tourism brand in the Philippines, funded by a visionary group of minority owners.

To document this journey, we are launching “Building the Coconuts” -- a high-production YouTube docuseries premiering on April 29.

We need a sound. We need an anthem that captures the hustle, the heart, and the tropical energy of what we are building.

THE ANTHEM & THE IMPACT

Adopt-A-Day (\$100). Your \$100 donation fully funds 70 student lunch meals at our club soup kitchen, directly fueling the community.

The Theme Song.

We are commissioning you to write/provide the official theme track for an upcoming episode.

- **The Intro:** A 60-second high-energy cut for the episode's theme song.
- **The Outro:** A 90-second extended cut to play out over the end credits.

YOUR EXPOSURE

PERK 1: The Episode Feature. We don't just play your song; we feature you. The episode you score will include a dedicated shoutout to you as our Adopt-A-Day sponsor and the creative force behind the track.

Perk 2: Permanent Global Sync. Your music is permanently attached to our docuseries.

Perk 3: Link & Traffic. Your Spotify/Apple Music links and social handles will be pinned in the top comments and featured prominently in the episode's description box.

Perk 4: Social Assets. We will provide you with high-quality video clips of the kids shouting you out and eating the meals you provided, giving you incredible, heart-warming content for your own Instagram/TikTok.
